

For nearly 20 years, DRx has been a trusted supplier of prepackaged prescription medications to medical offices throughout the United States. Our professional labeling and integrated logging system enables office staff to easily dispense prescription medications to patients as part of their office visit. In addition to our professional labeling and dispensing system, DRx has earned a national reputation for providing the most personal and attentive service. DRx is consistently rated among our clients as their most reliable vendor. Nearly 100% of orders ship same day with 0% backorders DRx makes getting started easy. We help our clients start small and grow their dispensary slowly over time. For nearly 20 years DRx has served thousands of medical professionals. We welcome an opportunity to serve your practice.
