

# What Are You Looking For From Your Urgent Care Association?

**I Want** “to expand our center’s services – ultrasound, maybe even weight management. How can I talk to other urgent care leaders – swap tips and learn what not to do?”

**I Want** “to get the latest information from experts – both national speakers and fellow colleagues – and at a nice location!”

**I Want** “a connection to vendors who can get me what I need – from clinical devices to software to claims processing.”

**I Want** “to distinguish my centers and services from the competition – can anyone help me do that?”

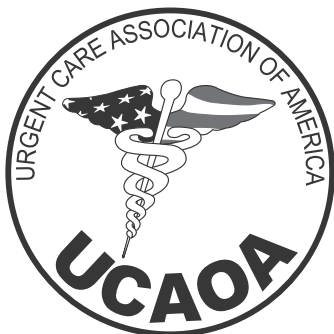

**UCAOA Member to Member Connections**

**UCAOA Fall Conference and National Urgent Care Convention**

**UCAOA Vendor Connections and Buyer’s Guide**

**UCAOA Accreditation Award of Distinction**

“I want an association who will listen to me and what my needs are...”

## **The Urgent Care Association of America provides all of this and more.**

Benchmarking surveys, the Journal of Urgent Care Medicine, Online Forums, Conferences... come to [www.ucaoa.org](http://www.ucaoa.org) and see what we are working on for you.
